

IN TODAY'S WORLD, GETTING THE BOSS FROM POINT A TO POINT B
ISN'T GETTING ANY EASIER...

...AND YOU CERTAINLY DON'T WANT TO BE
THE ONE LEFT STANDING AT THE CURB!

Security Driving and Executive Transportation Seminar

This informative one day seminar will provide today's security drivers, transportation providers, executive protection practitioners, and security managers, the opportunity to explore some of the most common – and most important – issues and challenges they are likely to face when it comes to providing safe and secure executive transportation.

This interactive professional development opportunity features in depth discussions on highly relevant topics, facilitated by some of the most widely recognized and well respected experts in their respective fields. The timely and important subjects that will be covered include:

- Things to Consider When Advising on the Selection of an Executive Vehicle
- What You Absolutely Need to Know About Today's Technologically Advanced Vehicles
- Remote Vehicle Hacking; The Threat is Real and It's Here, So Now What?
- Why the Driver is Often the Key to the Success of the Executive Protection Program
- Medical Emergencies on the Road; Effectively Managing the Critical First Few Minutes

**This is the Opportunity You've Been Looking for to

Security Driving

and Executive Transportation Seminar

October 6, 2016 at The National Conference Center
in East Windsor, New Jersey

The Distinguished Speakers for This Event Include:

Tony Scotti
Founder, International Security Driver Association

One of the world's foremost authorities on security driving, secure transportation and executive protection, Mr. Scotti brings a unique perspective, one that was gained over the course of his 40+ years of professional experience, to this seminar. Tony's book *Professional Driving Techniques*, now in its' fifth edition, is considered by many in the profession to be the bible of advanced driving.

Joe Autera
President & CEO, Tony Scotti's Vehicle Dynamics Institute

Widely recognized as Tony Scotti's protégé, Mr. Autera manages one of the world's leading providers of highly advanced driver training programs to corporate security, law enforcement and military professionals. Given his wide ranging experience as a corporate security executive, he is frequently called upon by Fortune 500 companies and government entities on a variety of secure transportation related issues.

Thomas Williams
Executive Vice President, Amyntor Group

Mr. Williams tenure as a Senior Program Manager in the State Departments' Bureau of Diplomatic Security, followed by a stint as the Director of Special Programs for one of the most prominent government contracting firms has provided him with unique insights into the various aspects of the protection profession, to include secure transportation operations in particular. His current role at Amyntor Group continues to provide him visibility to the current status of security challenges in locales around the world, from right here in the U.S. to higher risk overseas locales.

Raffaele Di Giorgio
President & CEO, Global Options & Solutions

As a provider of protection, tactical medical and consulting services worldwide for more than two decades, Mr. Di Giorgio has developed an expansive understanding of the challenges security drivers and other protection practitioners face when dealing with the types of medical emergencies they are most likely to encounter, and is a recognized thought leader on how to address those very challenges. His recently published book *Legal Considerations for Tactical Medical Responders* is considered by his peers to be the most up-to-date, complete volume on the subject.
